**DAVINCI CAPITAL MANAGEMENT, INC.**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2018**

Note 1

**Organization and nature of business**

DaVinci Capital Management, Inc. (the "Company") was incorporated in December 1998 and is a Delaware Corporation that is wholly owned by Airgead LLC ("Airgead LLC"). The Company operates as a broker-dealer and registered investment advisor in the New England area. The Company does business on a fully disclosed basis and, therefore, does not hold or maintain any customer accounts. The Company is a registered broker under the Securities Exchange Act of 1934 and is a member of the Financial Industry Regulatory Authority ("FINRA") and the Securities Investor Protection Corporation ("SIPC").

Note 2

**Summary of significant accounting policies**

**Revenue recognition**

Commission from the sale of mutual funds and variable annuities and 12b-1 fees are recognized as revenue at the point in time the associated service is fulfilled, which is based on the trade date.

**Receivables from broker-dealers and clearing organizations**

Receivables from broker-dealers and clearing organizations consist of commissions due under normal trade terms. The Company provides an allowance for doubtful collections which is based on a review of outstanding receivables, historical collection information, and existing economic conditions. At December 31, 2018 there was no reserve for uncollectible receivables.

**Marketable securities**

The Company accounts for its marketable securities at fair value, as the Company has categorized them as available-for-sale securities. Accordingly, unrealized holding gains and losses are excluded from earnings and reported in other comprehensive income, which is a separate component of stockholder's equity. Realized gains or losses are computed based on specific identification of securities that are sold and are included in earnings.

**Property and equipment**

Property and equipment is stated at cost. Depreciation and amortization are calculated on the straight-line method over the estimated useful lives of the related assets. Normal repair and maintenance costs are expensed as incurred.

**DAVINCI CAPITAL MANAGEMENT, INC.**  
**NOTES TO FINANCIAL STATEMENTS (CONTINUED)**  
**December 31, 2018**

Note 2

**Summary of significant accounting policies (continued)**

**Income taxes**

The Company accounts for income taxes using an asset and liability approach. The difference between the financial statement and tax basis of assets and liabilities is determined annually. Deferred income tax assets and liabilities are computed for those differences that have future tax consequences using the currently enacted tax laws and rates that apply to the periods in which they are expected to affect taxable income.

Valuation allowances are established, if necessary, to reduce the deferred tax asset to the amount that will more likely than not be realized. Income tax expense or benefit from income taxes is the current tax payable or refundable for the period plus or minus the net change in the deferred tax assets or liabilities.

**Income tax positions**

The Financial Accounting Standards Board ("FASB") issued a standard that clarifies the accounting and recognition of income tax positions taken or expected to be taken in the Company's income tax returns. The Company has analyzed tax positions taken for filing with the Internal Revenue Service and all state jurisdictions where it operates. The Company believes that income tax positions will be sustained upon examination and does not anticipate any adjustments that would result in a material adverse effect on the Company's financial condition, results of operations or cash flows. Accordingly the Company has not recorded any reserves or related accruals for interest and penalties for uncertain income tax positions. If the Company incurs interest or penalties as a result of unrecognized tax positions the policy is to classify interest accrued with interest expense and penalties thereon with operating expenses. The Company is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Company's federal and state income tax returns are generally open for examination for the past three years.

**Use of estimates**

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could differ from these estimates.

**Fair value**

Accounting standards provide a common definition of fair value and establishes a framework to make the measurement of fair value in generally accepted accounting standards more consistent and comparable. Accounting standards also require expanded disclosures to provide information about the extent to which fair value is used to measure certain assets and liabilities, the methods and assumptions used to measure fair value, and the effect of fair value measures on earnings (see Note 8). The Company's financial and nonfinancial assets and liabilities reflected in the financial statements at fair value consist of marketable securities.

**DAVINCI CAPITAL MANAGEMENT, INC.**  
**NOTES TO FINANCIAL STATEMENTS (CONTINUED)**  
**December 31, 2018**

Note 2      **Summary of significant accounting policies (continued)**

**Cash and cash equivalents**

For purposes of the statement of financial condition and statement of cash flows, the Company considers all highly liquid debt instruments purchased with a maturity of 3 months or less to be cash equivalents.

**Fair value of financial instruments**

The carrying amounts of financial instruments, including cash, receivables from clearing organizations, deposits with clearing organizations, prepaid expenses, due from and to related party, and accounts payable and accrued expenses approximates fair value due to the short term maturities of these assets and liabilities.

Note 3      **Deposits with clearing organization**

The Company contracted with National Financial Services, Inc. ("NFS") to act as their clearing agent. In connection with this agreement, NFS has required the Company to maintain a deposit of \$25,000 which is held in an interest bearing account and is included in deposits with clearing organizations on the accompanying statement of financial condition.

Note 4      **Securities owned**

The Company owns common stock in the NASDAQ Stock Market, Inc. These securities are deemed to be readily marketable. The estimated fair value at December 31, 2018 was \$73,413, as determined by quoted market prices. The cost of the securities was \$25,950.

Note 5      **Property and equipment**

Property and equipment consisted of the following at December 31, 2018:

	<u>Estimated Useful Lives</u>	
Computer equipment	3 years	\$49,385
Leasehold improvements	Life of lease	<u>4,056</u>
		53,441
Less accumulated depreciation and amortization		<u>53,238</u>
		<u>\$ 203</u>

Depreciation expense for the year ended December 31, 2018 was \$457.

**DAVINCI CAPITAL MANAGEMENT, INC.**  
**NOTES TO FINANCIAL STATEMENTS (CONTINUED)**  
**December 31, 2018**

Note 6

**Income taxes**

The deferred tax asset, and related valuation allowance, includes the following components at December 31, 2018:

	Federal	State	Total
Deferred tax asset	\$51,000	\$21,000	\$72,000
Valuation allowance	<u>(51,000)</u>	<u>(21,000)</u>	<u>(72,000)</u>
Net deferred tax asset	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>

The Company recognizes deferred taxes for operating losses that are available to offset future federal and state income taxes. The Company has available net operating loss carryforwards of approximately \$244,500 for federal and \$224,000 for Massachusetts state tax purposes. The federal and state net operating losses can be used to offset future taxable income and expire at various dates through December 2037 and December 2022, respectively.

The valuation allowance was established to reduce the deferred tax asset to the amount that will more likely than not be realized. This reduction is necessary due to uncertainty as to the Company's ability to utilize all of its net operating loss carryforwards before they expire. The change in the valuation allowance for the year ended December 31, 2018 was an increase of \$15,000.

Note 7

**Net capital requirements**

The Company is subject to the Securities and Exchange Commission's Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of a minimum net capital balance and requires that the Company's aggregate indebtedness to net capital ratio, as defined, shall not exceed 15 to 1.

At December 31, 2018, the Company's net capital was \$25,551, which was \$11,506 in excess of its required net capital of \$14,045. The Company's aggregate indebtedness to net capital was 825%.

Note 8

**Fair value measurements**

Accounting standards require that financial and non-financial assets and liabilities, recognized or disclosed in financial statements on a recurring basis (at least annually) be measured at fair value.

These standards define fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

**DAVINCI CAPITAL MANAGEMENT, INC.**  
**NOTES TO FINANCIAL STATEMENTS (CONTINUED)**  
**December 31, 2018**

Note 8

**Fair value measurements (continued)**

These standards also establish a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. These standards describe three levels of inputs that may be used to measure fair value:

Level 1 - Quoted prices in active markets for identical assets or liabilities that are accessible at the measurement date.

Level 2 – Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities in active markets; quoted prices for similar assets or liabilities in markets that are not active; or model-derived valuations or other inputs that are observable or can be corroborated by observable market data for the assets or liabilities.

Level 3 – Unobservable inputs for the asset or liability. These inputs reflect the Company's assumptions about the assumptions a market participant would use in pricing the asset or liability.

The Company uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Company measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 and Level 3 inputs are only used when higher level inputs are not available.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurements. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2018.

*Marketable securities:* Consist of equity securities valued using quoted market prices.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Company believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**DAVINCI CAPITAL MANAGEMENT, INC.**  
**NOTES TO FINANCIAL STATEMENTS (CONTINUED)**  
**December 31, 2018**

Note 8 **Fair value measurements (continued)**

The following table summarizes the valuation of the Company's financial assets at December 31, 2018:

<u>Financial asset</u>	<u>December 31, 2018</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Equity securities	<u>\$73,413</u>	<u>\$73,413</u>	<u>\$ -</u>	<u>\$ -</u>
Total	<u>\$73,413</u>	<u>\$73,413</u>	<u>\$ -</u>	<u>\$ -</u>

Note 9 **Marketable securities**

Cost and fair value of marketable securities with gross unrealized gains and losses at December 31, 2018 are as follows:

<u>December 31, 2018</u>	<u>Cost</u>	<u>Gross Unrealized Gains</u>	<u>Gross Unrealized Losses</u>	<u>Fair Value</u>
NASDAQ Stock	<u>\$25,950</u>	<u>\$47,463</u>	<u>\$ -</u>	<u>\$73,413</u>
	<u>\$25,950</u>	<u>\$47,463</u>	<u>\$ -</u>	<u>\$73,413</u>

The change in net unrealized holding gain (loss) on securities available for sale that has been included in Accumulated Other Comprehensive income as a separate component of Stockholder's Equity for the year ended December 31, 2018 was \$47,463. The Company did not sell any securities during 2018.

Note 10 **Related party transactions**

Airgead LLC's majority shareholder controls Comprehensive Insurance Providers ("CIP"). The Company leases its office space from CIP Real Estate, LLC whose majority member also controls CIP. Rent expense was \$30,000 for the year ended December 31, 2018. Further details regarding this lease are provided in Note 11.

The Company has entered into an expense sharing agreement with CIP. Under the agreement, a portion of salaries and related expenses, communications and technology that are determined to be attributable to activities of the Company are allocated to the Company. During the year ended December 31, 2018, the Company paid \$163,411 to CIP for the aforementioned expenses. During 2018, CIP forgave \$20,000 of amounts due to them under this agreement. As of December 31, 2018, the Company has an outstanding payable in the amount of \$86,414 to CIP, for amounts owed under the expense sharing agreement.

**DAVINCI CAPITAL MANAGEMENT, INC.**  
**NOTES TO FINANCIAL STATEMENTS (CONTINUED)**  
**December 31, 2018**

Note 11      **Commitments and contingencies**

On December 30, 2015, the Company entered into a five year lease for office space with CIP for \$2,500 per month, beginning January 1, 2016. The future minimum rental obligations under this operating lease agreement are noted below:

<u>Year Ending December 31,</u>	<u>Amount</u>
2020	\$30,000
2021	\$30,000
Total	<u>\$60,000</u>

The Company had no other commitments or contingencies outstanding at December 31, 2018.

Note 12      **Off-Balance Sheet risk**

The Company's customer securities activities are transacted on either a cash or margin basis. In margin transactions, the Company's Clearing Broker extends credit to the customer, subject to various regulatory and internal margin requirements, collateralized by cash and securities in the customer's account. As a result of guaranteeing customer margin balances carried by the Clearing Broker, the Company may be exposed to off-balance sheet risk in the event margin requirements are not sufficient to fully cover losses the customer may incur. At December 31, 2018, margin accounts guaranteed by the Company were not material.

The Company is also exposed to off-balance sheet risk of loss on transactions during the period from the trade date to the settlement date, which is generally three business days. If the customer fails to satisfy its contractual obligations to the Clearing Broker, the Company may have to purchase or sell financial instruments at prevailing market prices in order to fulfill the customer's obligations. Settlement of these transactions is not expected to have a material effect on the Company's financial position.

The Company seeks to control the risks associated with its customer activities by requiring customers to maintain margin collateral in compliance with various regulatory and the Clearing Broker's guidelines. The Company monitors required margin levels daily and, pursuant to such guidelines, requires customers to deposit additional collateral, or to reduce positions, when necessary.

The Company maintains cash and other deposits with banks and brokers, and at times, such deposits exceed applicable insurance limits. The Company reduces its exposure to credit risk by maintaining such deposits with high quality financial institutions.

**DAVINCI CAPITAL MANAGEMENT, INC.**  
**NOTES TO FINANCIAL STATEMENTS (CONTINUED)**  
**December 31, 2018**

Note 13

**Recently issued accounting pronouncements**

On January 1, 2018, the Company adopted Financial Accounting Standards Board FASB ASU 2014-09, Revenue from Contracts with Customers and all subsequent amendments to the ASU (collectively, "ASC 606") using the modified retrospective method of adoption. ASC 606 created a single framework for recognizing revenue from contracts with customers that fall within its scope. Under ASC 606, revenue is recognized upon satisfaction of performance obligations by transferring control over goods or services to a customer. The adoption of ASC 606 did not result in any changes to beginning retained earnings for the year ended December 31, 2018 or net income for the preceding year end.

In February 2016, the FASB issued a new accounting pronouncement regarding lease accounting for reporting periods beginning after December 15, 2018. A lessee will be required to recognize on the balance sheet the assets and liabilities for lessee with lease terms of more than 12 months. Management is currently evaluating the effect this pronouncement will have on the financial statements and related disclosures.

Note 14

**Subsequent events**

The Company has evaluated all events or transactions that occurred after December 31, 2018 through the date of the Report of Independent Registered Public Accounting Firm on the financial statements, which is the date that the financial statements were available to be issued.
